### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the amended claims, including unargued claim 4, is the limitation to the combination of the pivotal link support on a rear shelf portion at the upper end of the rear windshield and the link rod connecting the link member for rotation therewith. The reference of record to Nagatomi, 363265724, is considered the closest prior art, but adding the claimed link rod to this reference is not deemed obvious in view of the continuous intervening roof structure between the link members.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
